

TP140B PRINTER USER'S GUIDE

Introduction

The RJS Model TP140B printer is intended to be used to provide a hard copy printout for the Inspector line of portable bar code verifiers.

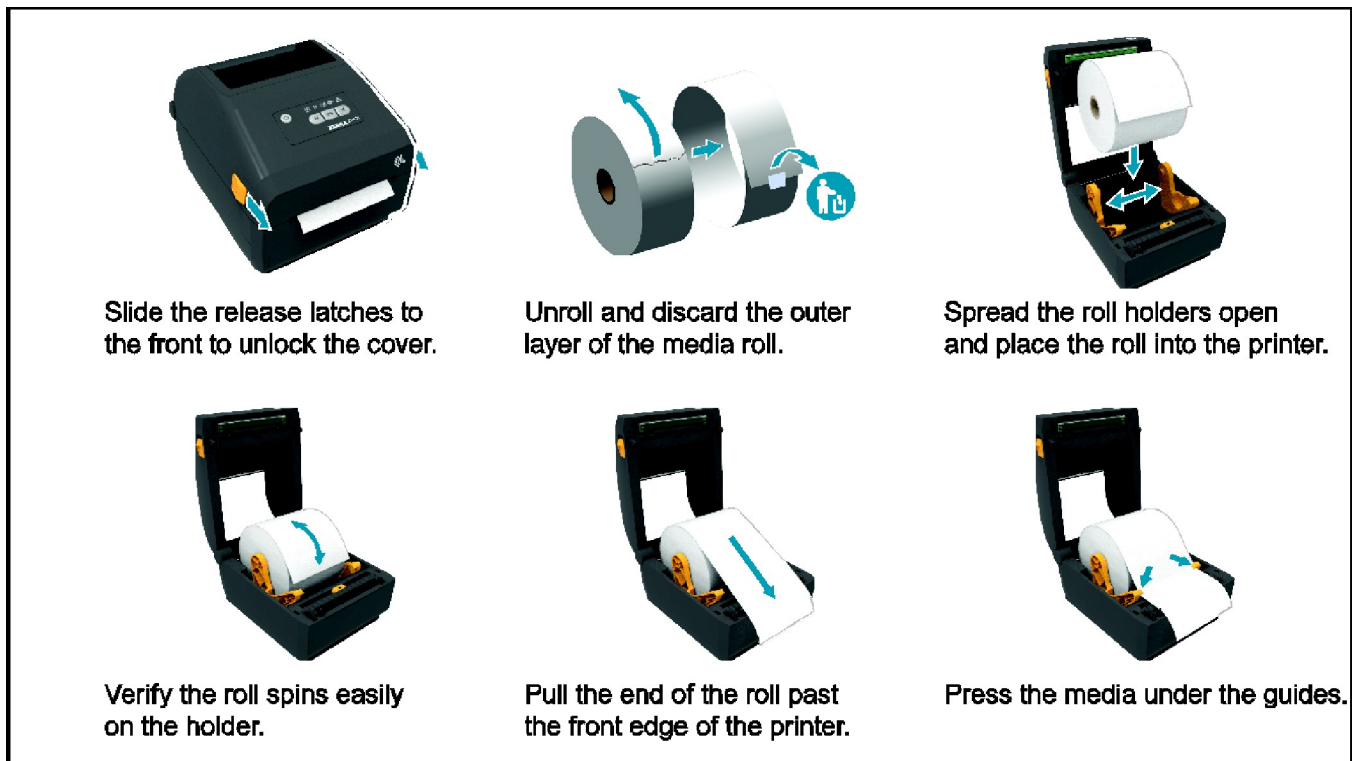

Components

- Printer
- Roll of thermal report paper
- AC Adapter
- Verifier interface cable

Setup

1. Install the thermal report paper in the printer (see below)
2. Connect the verifier interface cable between the printer and the bar code verifier
3. Connect the power supply to the printer and plug the power supply into the wall outlet
4. Turn on the printer (Power button is on the front panel)
5. The printer is now ready to operate with the verifier

Install Thermal Report Paper

Warranty

General Warranty

RJS warrants the TP140B to be free of defects in material and workmanship for a period of 1 year, under normal use and service, from the date of shipment from the RJS factory.

The liability of RJS under this warranty is limited to repairing or replacing the defective part and/or unit. RJS may optionally choose to issue a credit for any unit returned during the warranty period.

You must promptly notify RJS of any defect in order to receive the full protection of this warranty.

Warranty Limitations

The warranty set forth above is exclusive and no other warranty, whether written or oral is expressed or implied. RJS specifically disclaims the implied warranties of merchantability and fitness for a particular purpose.

RJS is not liable for indirect or consequential damages incurred due to a warranted product's failure that brings about increased costs of doing business.

Servicing During the Warranty Period

If your TP140B should fail during the warranty period, contact RJS immediately upon discovery of the defect. A Return Authorization Number (RMA number) is required to return a unit for repair. You may get an RMA number by visiting http://www.rjs1.com/request_rma.php or by contacting RJS customer service (telephone and email above).

You will be asked to ship the product back in its original packaging, freight pre-paid, with the RMA number visibly written on the outside of the carton to RJS (address above).

Be sure to include any samples or printouts or other information that will help us to understand the problem. Your repair will be given priority treatment, or your unit may be replaced at RJS' option. The repaired item will be returned via UPS ground, freight pre-paid.

At your request, RJS will ship express or overnight if you need premium service and agree to pay the additional cost.
